WHAT WE WILL CHECK

- Your identity, using the documents and identification numbers you give us (for example NIN, BVN where relevant, passport, driver's licence or voter's card).
- Your residential address, through a visit by a SIS field agent, who may record the location and take timestamped photographs of the premises and its surroundings as evidence.
- Your employment history and professional references, by contacting the previous employers and referees you name.
- Your guarantors, by contacting them to confirm who they are and that they know you.
- Where needed, enquiries with people who know you at your address, to confirm that you live there.

HOW YOUR INFORMATION IS USED

- We collect only what is needed for these checks, and use it only to carry out the verification and to report to the Organisation.
- Our report goes to the Organisation. We share information with our staff, agents and service providers only as needed and under confidentiality, and with others only where the law requires.
- We keep it only as long as needed, then delete or anonymise it securely.
- You can ask to see, correct or delete your information, restrict or object to how it is used, or withdraw your consent, by emailing verify@sisverification.com.ng. Our **Privacy Policy** gives the full details and is available on request.
